

THOMAS EDISON

WHO?
WHAT?
WHEN?
WHERE?

English-Spanish

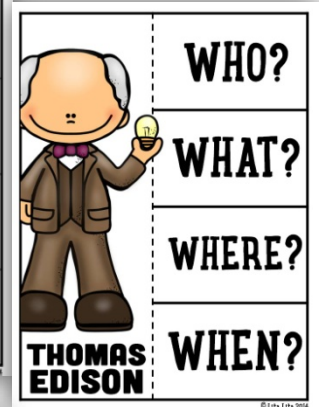

© Lita Lita

This is a fold and learn activity to start on biographies.

To use this foldable with you students you need this two pages.

I have also included cut and glue options for younger kids:

WHEN?	WHERE?	WHAT?	WHO?

Available B&W too.

1

1879	1879	1879

2

Thomas Edison was an American business man and inventor.	Thomas Edison was an American business man and inventor.
He invented many devices such as the incandescent light bulb.	He invented many devices such as the incandescent light bulb.
He was born in Milan, Ohio.	He was born in Milan, Ohio.

3

He invented many devices such as the incandescent light bulb.	
He was born in Milan, Ohio.	

- 1** Kids write on the foldable and add pictures (1 page/3 students).
- 2** Kids glue the words (1 page/2 students).
- 3** Kids glue the words and the pictures (1 page/ 1 student).

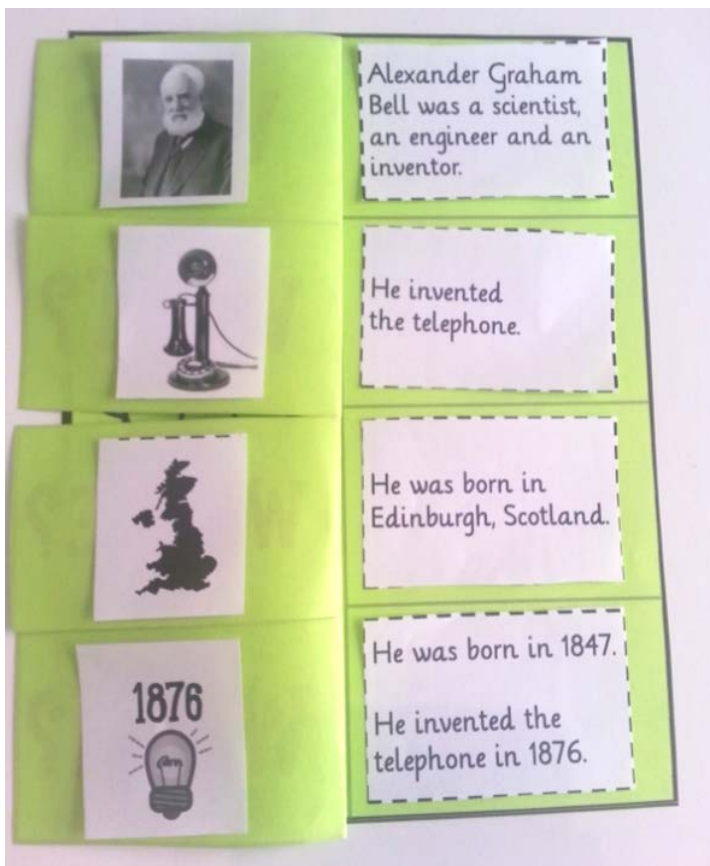

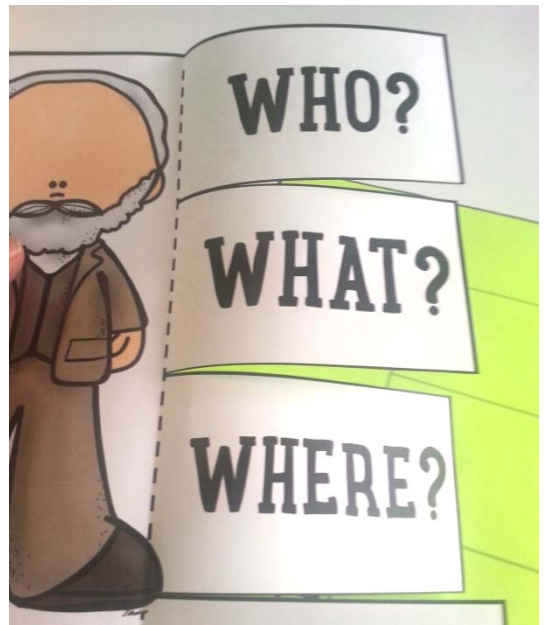

You can also use this miniposter as quick reference to use during the foldable or with the writing worksheets.

- 1 The easiest one. Just complete the gaps.
- 2 With questions and pictures to guide the writing.
- 3 Just a writing prompt.

These photos are from the Graham Bell foldable but they use the same template.

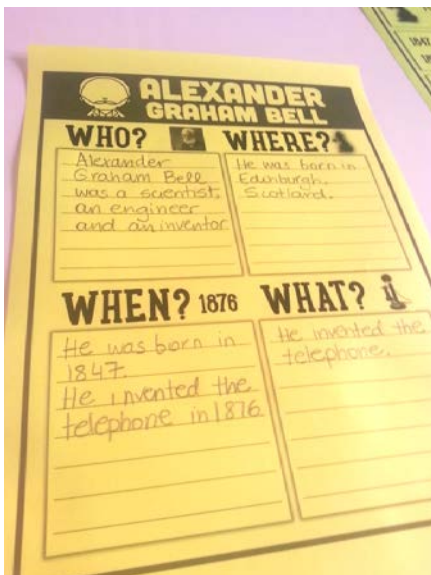

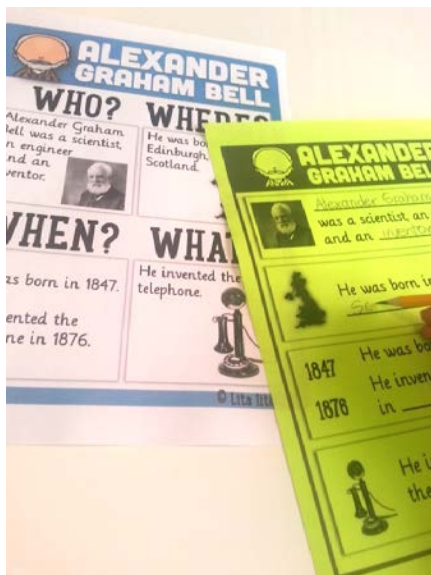

First, print the pages needed and fold the cover.

Cut the lines and glue them on the second page.

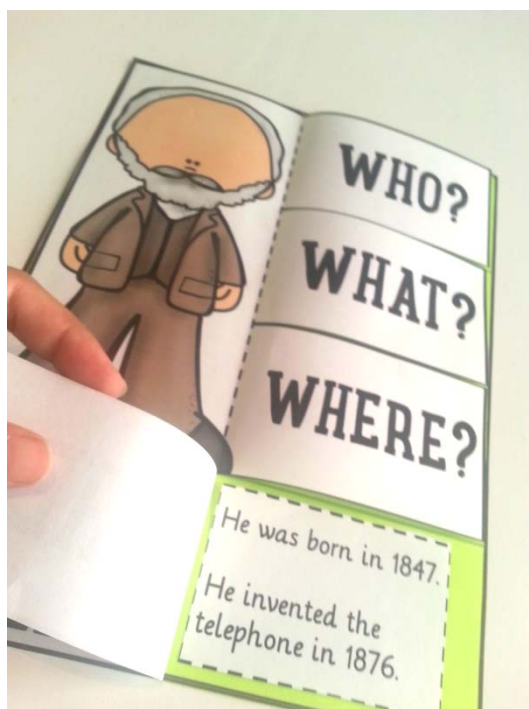

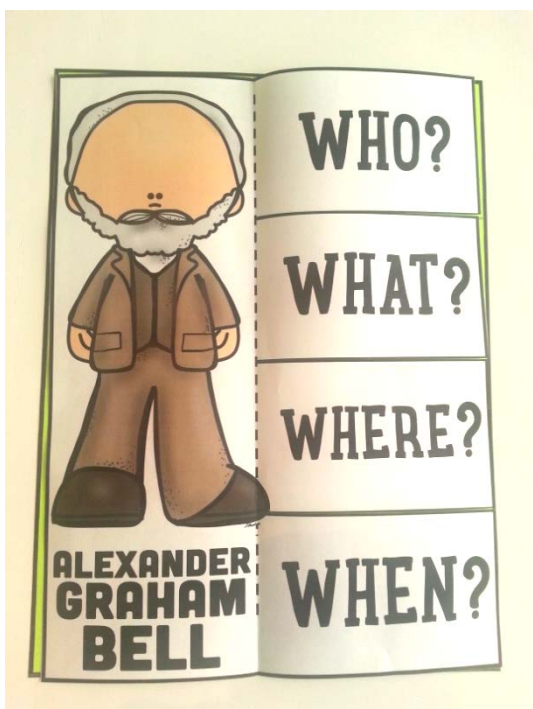

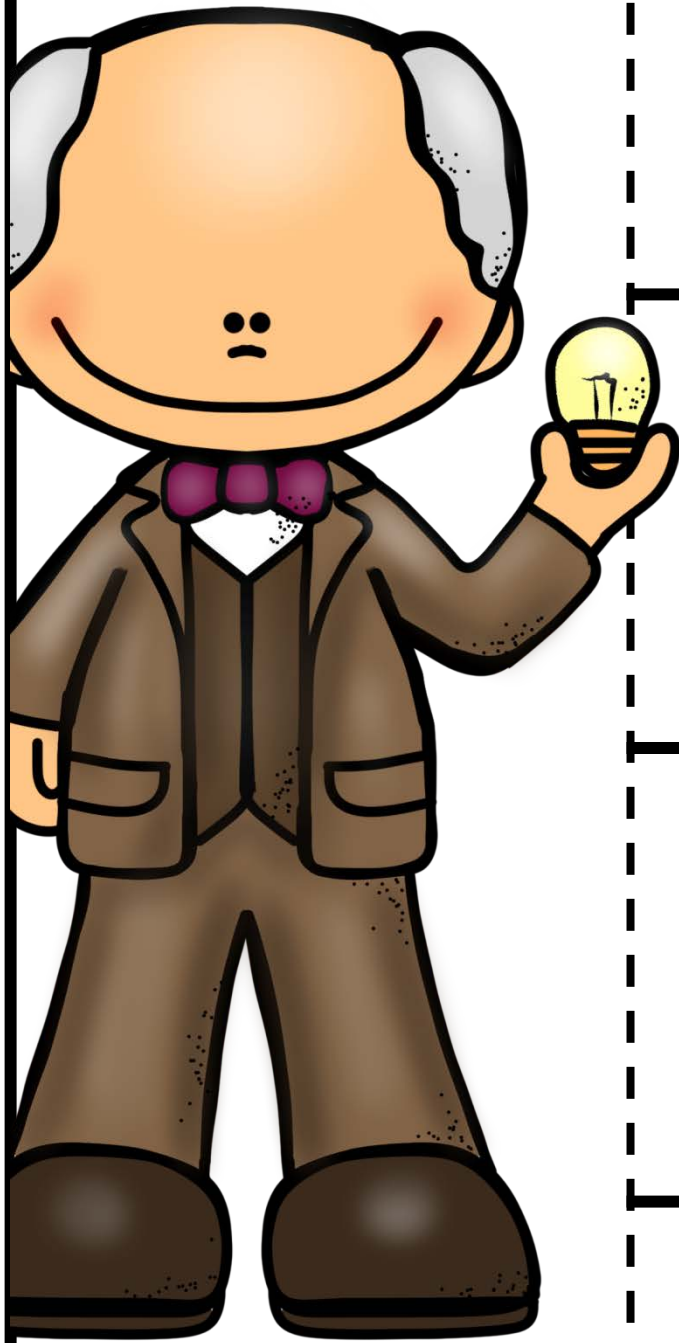

Then write or glue the information under each tab.

You can use the writing worksheets as an assessment. Or you could use the second page of the foldable as a worksheet too.

Have fun!
